Little Tricks, Big Laffs

Easy to do magic tricks and gags. This class is great for walk around entertaining and one on one entertaining. My most asked for class.

We got Game: No Magic, No Balloons:

You don't have to be a magician or balloon artist for this class. Just lots of fun and silly things to do. A splash splash run and fun time. Lots of action and could get messy. Bring a change of clothes!

Head, Nose, Toes: Make-up and Costume:

It's the little things that make the difference in make up and costume. More isn't always better. Hear the views of someone who has placed in the top ten at COAI & WCA in make up, skit and paradeability.

Suitcase of Laffs: Comedy Magic for kids of all ages!

How to put together a fun show with comedy magic and gags without big and expensive props. My second most asked for class.
